

# Noroton Yacht Club

## Hoist Use Reminders

### Launching:

Keel **must be** on/or inside yellow line (Arc) **NOT** outside of the yellow line (Arc)

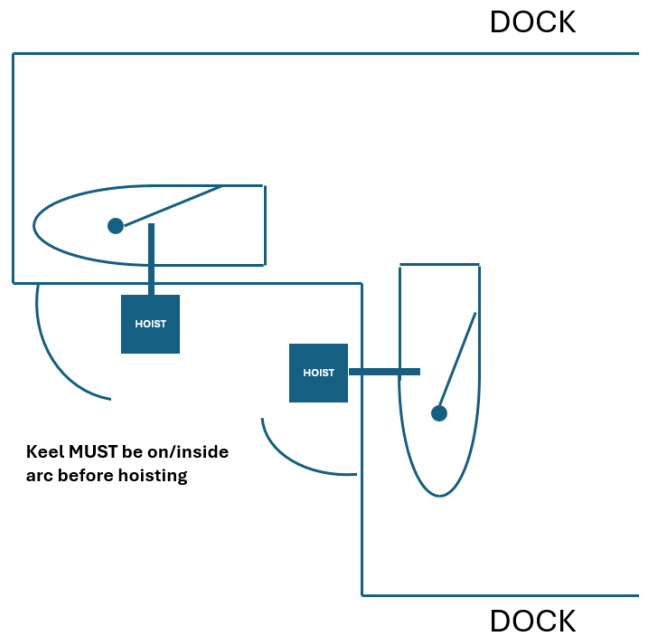

Backstay off – Bow line on

Attach bridle (before moving to boat to hoist).  
Make sure it's balanced (side to side, *slightly bow down*)

Hoist/Lower – check cable to see it is running smoothly

Use Line on hoist to move boat - Cleating it helps

Immediately move boat to a finger float -  
Return trailer to drysail spot

### Hauling – Out

There is a line on the cleat by the hoist - toss it Down to the crew if the boat is too far off hoist apron

**Absolutely no hose downs in the hoist area**

Questions, or just Not Sure ?

Please ask the hoist monitor, club staff, or club member for help

Remember:

Be careful using your ladders

Please keep boat/trailer traffic moving in dry-sail area
