

J/105 North American Championship 2025 @RCYC Toronto, Ontario, Canada

presented by the British Virgin Islands

Fleet 4 looks forward to hosting the J/105 Class from all over North America this September. The City of Toronto is the 4th largest North America and is home to many great attractions and is an excellent sailing venue. Our 15 local boats plus some of the newly formed Fleet 9 from the East Coast of Canada will be here with a couple of past North American Champions in the mix so racing will be competitive. We typically see the best winds of the summer in September. The Royal Canadian Yacht Club is situated on the Toronto Islands with million-dollar views of the city especially after dark.

Fleet 4 has planned a full week whether you plan to come for the 4 days of racing for the NA's or are able to tack on the extra two to join us for our Canadian Championships as a warm-up and to round out the week. We have planned for an extra day of the weekend on each end of the week to help with your travel plans and to contain the event to a week as much as possible. A block of rooms with a discounted rate will be available at the Westin Harbour Castle with easy water taxi and club shuttle access to the club. Come early and catch the Toronto International Film Festival which wraps up on the 14th or enjoy numerous entertainment opportunities that the city has to offer.

We have arranged for a couple of launch and trailer storage options to minimize the logistics and make it as easy as possible for you to deliver the boat. We will also provide as much guidance and assistance as you require to manage border crossings. We have lined up numerous sponsors and plan for some fantastic meals to round out your experience in Toronto.
