

45th Chesapeake Bay ILCA Masters Championship
NOTICE OF RACE AMENDMENT #1
October 3-4, 2026

Posted: August 10, 2026

Replace 2.4 with the following:

2.4 Unless a minimum of 12 ILCA-7 and 12 ILCA-6 entries have been received by the fleet registration deadline, all entrants shall start and finish together and be scored as a single fleet. Competitors may choose ILCA-7, ILCA-6 or ILCA-4 rigs at their discretion, and change rigs throughout the regatta, provided that all rig changes are made on shore and all sails have the same number (Rig-Swapping Rule turned on).

Providing that a minimum of 12 ILCA-7 and 12 ILCA-6 entries have been received by the fleet registration deadline, both fleets shall be given separate starts (Rig-Swapping Rule turned off). Competitors may change their registration between the ILCA-7 and ILCA-6 fleets until the start of the Skippers' Meeting, provided that such a change does not reduce either fleet below twelve (12) registered competitors. After the start of the Skippers' Meeting, no changes between the ILCA-7 and ILCA-6 fleets shall be permitted. Rig-swapping between ILCA-6 and ILCA-4 shall remain in effect.

This changes ILCA Class Rule 29(d) by permission of the International Laser Class Association of North America.
