

Presented by TD Wealth

Hello all participants, coaches and parents

Again thank you for attending last week's Youth CyberSail Regatta. We hope you had as much fun as we did putting on the event.

A few updates for you.

First of all you can find all event photo's on TSG Photo's Website. Christian Bonin took some incredible photo's. Click on this link and scroll through the images to be reminded of the fun had this past weekend.

SAILMON

SAIL WITH US

Secondly, all the events have been updated on the Sailmon App. You can now find the data we spoke so much about during the event. Log back into the Sailmon app, go to the events tab and look for the CyberSail events. There you can find all sorts of data. Please note that Sunday's data is better than Saturday as many more of the trackers were operating correctly. There is valuable information that can help all sailors understand how their speed, heel, distance sailed compares to others and then work to improve in those areas over the summer. We hope this data can lead to stronger results as the season progresses!

As you can see from the 3 screenshots below, it is not always the fastest speed that wins the race.

TOP SPEED ▾

1	 Lizzie Leheup CAN 210644	6.7 KN
2	 Johnathan Lee CAN 220403	7.1 KN
3	 Jessica Lee 196058	6.7 KN
4	 Cooper Simpson 21403	6.5 KN
5	 Stanislav Vakulenko CAN 1	7.0 KN
6	 Benjamin Harper JAM 166036	8.2 KN

Finally, I want to once again thank our generous supporters for the financial help they provide so that we could put on a great regatta. Thank you to TD Wealth for sponsoring the trackers and Fogh Marine for the Gift cards handed out on Sat night to the highest speed winners of the day.

Enjoy the rest of the 2024 sailing season and we look forward to having you all back again next year.

Felicity Rodness
