Seawanhaka Corinthian Yacht Club

SEAWANHAKA CORINTHIAN YACHT CLUB

Centre Island, Oyster Bay, New York 11771

Dear Sailor,

What an amazing journey you are on, to sail in the 2022 USODA Team Trials Regatta is such an amazing accomplishment and one that you should always be proud of. On behalf of the Flag Officers, Members and Staff of Seawanhaka Corinthian Yacht Club, I would like to extend a warm welcome, and congratulate each of you on qualifying to sail this regatta. The same passion and drive that has earned you the right to compete in Team Trials this Spring will hopefully serve you well for more sailing success down the road.

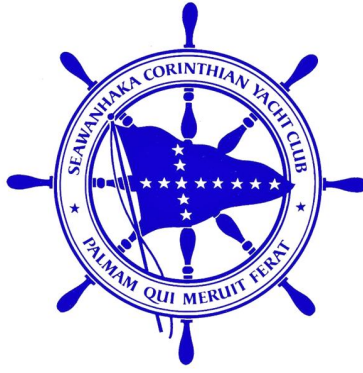

Team Trials is certainly an aptly named regatta. While you may be competing for a spot on an international team or Team USA, it is your “Team” of supporters that actually make it all possible. Whether it is a coach staying late to help you master a roll tack or a parent getting up early to drive you to practice, they are all on your “Team” and team support is crucial as you work towards a common goal.

Seawanhaka is honored to host such a prestigious regatta and it is only through our “Team” of volunteers that we can do so. Whether Seawanhaka team members are setting a race course, setting a table for the regatta dinner or making sure that the parking lot is safe and organized, they are all part of a very important group of people helping to make this event possible. So, if you see one, please be sure to say Thank You.

One of my favorite parts about sailing is meeting all the great people involved in our sport. I’ll bet over the last few years you have made some amazing friends – many of whom live pretty far away. How great is it to get back on the regatta circuit and meet up with them again? And just think, if sailing has taken you this far already, where do you think it will take you next? We wish you the best of luck in the 2022 Team Trials, and in all of your future sailing adventures.

Kind Regards,

Jean-Pierre Blaise
Commodore

History of Seawanhaka Corinthian Yacht Club

The name 'Seawanhaka' is derived from a tribe of Indians who made their home on Centre Island. Seawanhaka was founded in September 1871 aboard William L. Swan's sloop GLANCE anchored in Oyster Bay harbor. Always an advocate of its members becoming proficient in seamanship and the handling of their own boats, Seawanhaka brought the concept of amateur racing to the emerging world of sailboat racing in lower New York harbor in the 19th century. Once it returned to Oyster Bay in 1892 to build its current clubhouse and facility it continued to develop its own brand of Corinthian racing and become a force in regional, national and international sailing.

A best stated by Past Commodore P. James Roosevelt in his Short History of Seawanhaka -
"Seawanhaka members have exerted an influence on yachting out of all proportion to their number. Single file and as teams they have paraded across the deck of yachting history – studying wind and weather patterns, tides and currents, designs of sails and forms of hull, innovative uses of chemicals and natural elements, geodetic surveys and the course of the heavens. In addition, our members have developed the current racing rules, promoted yachting unions on the national level, continue to devise scientific handicapping systems, engineer rigging and weight saving schemes, invented the so-called Olympic course, supplied the nation with gold, silver and bronze medallists in the Olympics and there's so much more.

What is the reason for this? For more than a century, Seawanhaka members have held to the belief that amateur, or Corinthian, is not an excuse for inferior performance; on the contrary, they have shown a desire to compete against the very best, a willingness to experiment, to take the sport seriously, to discover enjoyment in self-sacrifice, to strive for mastery – individually as well as together, to encourage newcomers to the sport, to give prodigally of their time, and to share their discoveries as well as their winning secrets freely."

On behalf of the members of Seawanhaka Corinthian Yacht Club it is my pleasure to welcome 2022 USODA Team Trials competitors, coaches and supporters to our club. It is an honor and privilege to host a group of the best optimist racers in the United States in one of youth sailing's premier events.

This will be the first event of Seawanhaka's 151st sailing season. While hosting Team Trials was originally conceived as a sailing centerpiece for our Sesquicentennial celebrations in 2021 the COVID 19 cancelation of the 2020 regatta has allowed the event to become a reaffirmation of Seawanhaka's commitment to youth sailing regardless of the occasion. Since Seawanhaka moved out of New York City to this magnificent property in 1892, youth sailing has remained a core mission of the club. In 1936 the loosely organized youth "Junior" sailing was incorporated into the Seawanhaka Corinthian Junior Yacht Club and Juniors were given their own clubhouse, bylaws burgee and officers. Over the ensuing years Seawanhaka has produced a steady stream of skilled racers and most importantly life-long sailors that support our club, energize our sport and give promise to our future.

We hope that everyone feels welcomed at our club and invite you to enjoy our sailing facilities as well as the food, drink and hospitality offered in our historic 130 year old main clubhouse and 86 year old Junior Clubhouse. Seawanhaka is accustomed to running high level regattas and our event team and Race Committee will endeavor to provide the best possible racing during your stay. Competitors from around the world have often found that sailing on Long Island Sound in general and Oyster Bay in particular can be magical and we will hope for fair weather with breezy days to keep the racing rolling.
