2001 Womens Nationals

2001 US Snipe Women's Championship was held over the weekend with 7 boats competing. 5 races were held in breezes from 8-20 knots over the 2 day regatta. Stacey Szabo & Tammy Fowles of San Diego, traded 1st and 2nd place finishes with fellow fleet members Carolyn Brown and Julie Redler. A controversial call at the start of race 3 had all competitors OCS except 1 with only 3 not returning to start properly. A disallowed protest on this race decided the final winner.

2001 Crosby Elimination Series

Day 2: Races 3 & 4 were sailed today to wrap-up the Crosby. Race 3 started at 10:30 am in winds of 15-23 on an Olympic course. Hardesty/Wheeler led around the weather mark and finished in first. Randy Lake/Ken Redler were close behind. Barge traffic was coming up the river, so the RC sent the fleet in for lunch. After the barge passed, a 2pm reading showed 18+ with large chop & current making the conditions marginal. More postponement until 4. A small front passed through and at 4pm 1/2 the fleet went out in 6-8 knots, which steadily built to 18-20 by the start. A double triangle was sailed with 13 boats choosing to finish. Hardesty/Wheeler
