Commodore's Comment

I don't know why anyone ever said that there were summer doldrums. It seems just about the time that I start hearing that on the news, things start heating up at the Yacht Club. Last weekend was definitely one of those "heating up" times. Between extreme heat, no wind on day one, a broken air conditioner and a broken crane hoist, there were people all over the place trying to keep our guests comfortable and helping them to pull boats out. The volunteer efforts were, as Candace mentioned in her email, Beulah doing what we do so well.

Thank you to Candace, David, and John Porter for their leadership and willingness to brave the heat this past weekend. Molly Barr, Al Haeger, more people than I can mention pitched in to make the regatta a success.

The kids are beginning their final push of the summer with X Boats off to Okoboji, Iowa, and with Optis following in Clear Lake. Tough days to be a parent of little sailors for sure! Best of

luck to our junior sailors in the next week and a half, and wishes for good spirits and lots of patience for our parents.

Final push also includes WYA C on Pewaukee, and the ILYA at Lake Geneva for the scows. Best wishes to all our sailors in their travels!

Lastly, when you see Frank Rappold, congratulate him on being Beulah's nominee for Volunteer of the Year at the Inland Championship! He is very well deserving of this award, and we hope he enjoys his day of feasting and boat tours on Lake Geneva. And if you see him there, be sure to say hi!

See you on the water.

Watch Olympic Sailing at the Club!

We have the Olympic sailing schedule for Annie and Briana. Team HP races in the women's 470 fleet at 11 am (Central) on August 10, 11, 12, 14, and 15. The medal race and ceremony begin at 11 am on August 17. Join us at the club to watch via NBC Sports live streaming (available at nbcolympics.com). NBC may not cover all the women's 470 races in these time slots, but we'll also get Twitter feeds from Kent and Julie. We'll have light snacks and bar service. Or bring your own lunch. Also, August 13 and 16 are makeup days for any missed 470 races. We'll let you know if there are races on these days.

FROM THE SAILING VICE COMMODORE

Well, I've had my first three regatta experiences (Quad Lakes, GLSS, Oshkosh) as a grandparent of an X boat skipper, and each one has been great! Regattas really enrich the sailing experience. The kids learn about sailing in big fleets on big water, teamwork, working with adults, and much more. You can see their confidence and responsibility growing with each regatta. The Beulah team really comes together at these events – kids, coaches, parents. It's great to be a part of it and great to see the entire Beulah X fleet traveling! Next up – Okoboji for the X inlands and Clear Lake for the Opti inlands. Go killer B's!

With all this time on the water, Linda is beginning to think I'm becoming a sailing bum. I looked it up and found out you might be a sailing bum if:

- you think a Rhodes Scholar is someone who knows all about a famous boat designer...
- any of your wedding gifts came from West Marine...
- your best shoes are Topsiders...
- your halyards are brand new, but your dress belt has two splices...
- you have at least one broken boat part in your car at all times...

Above: Al, right, with Jeff Lippert and grandson Jonah

- your vacation plans center around regattas...
- you have to dress up to go to Walmart..
- people are afraid to go near your sailing shoes...

See you on the water!

Canoe Races at the C Fleet Party a big hit! Ryan Komas and John Berg had hilarious problems during their canoe race. The C sailors couldn't stop laughing as Ryan and John came under the bridge. Jim and Joe Kutsch won the race. The party, on July 16th was at the yacht club and was a family affair with babies, children, skippers and crews enjoying it.

SOCIALLY SPEAKING

Wow!! The yacht club has been a busy place. The last couple of cookouts where a great success. Dave and Wendy Bitter and Paul and Janet Smyczek orchestrated wonderful meals that where enjoyed by all. We held a Fish Fry last Friday night with 106 people in attendance. We doubled our numbers from our first one! Sarah and her Toothpicks gang

provided a delicious meal.

After that, we immediately jumped into hosting the WYA X Championship Regatta. Candace Porter did an amazing job organizing the event!! Many thanks to all of the volunteers who pitched in to make the weekend a success. The kitchen volunteers served many hungry sailors and their parents mostly homemade delicious meals. It was no easy task!!! My sincere thanks to all!! Julie Haeger and her committee are planning a fun Commodore's

Picnic this year. Please watch for details and plan on attending. Pencil in Friday, August 26th for our third and final Fish Fry.

See you at the club. Molly Barr

Reminder—All party hosts and committees!

Please remember to put all kitchen supplies, and decorations away after your event, including taking the table cloths home to wash.. The next event is always just around the corner.

Hired bartender? Please tip normally.

Recently, we had a situation where we hired bar tenders for a party and, due to an empty tip jar, they left vastly underpaid. We talked as a board about how to make sure that this situation doesn't happen again. This is what we'd like to try: When you see a tip jar on the bar, that will be your signal that we have hired one or more bartenders for the evening. Please know that this is your signal to **tip as you normally would at a bar**. Hopefully this will prevent us from having to temporarily raise bar prices or raise the price of the rental.

X's on the Regatta Road

Quads at Pine Lake, June 29th

by Caroline LeRoy

QUADS was held at Pine Lake this year, one week after TRAP. QUADS consists of 6 lakes: Pine, Cedar, Oshkosh, Beulah, Nagawicka and Mendota! The Meyer family opened their yard, porch and dock for this year's TRAP and then again one week later for QUADS.

The first day there was little to no wind on the race course. Most people

went swimming. Some climbed masts on their boats and some Oshkosh coaches went fishing. Finally we went in and had a volleyball tournament.

On day 2, June 30th, we sailed 3 races. We started out with a good breeze. However, the volleyball tournament needed to be completed! In the end, Team Beulah brought home the volleyball trophy. After that, awards were given,

Jonah Boykin and Callie Smith placed 4th and Brigit Barr and I placed 2nd.

GLSS at Geneva, July 13-14th

by Anneliese LeRoy

On the first day of GLSS, the wind was medium to light. There were almost 60 X-boats including B-3 with Ryan Komas and Brian Zettlemoyer, **B-5** with Izzy Rietz and Maggie Probst, **B-6** with Brigit Barr and Caroline LeRoy, **B-7** with Annie Cate Schmidt and myself, **B-11** with Jonah Boykin and Callie Smith, **B-12** with Gabby DiBiase and Lucas Clayton, **B-23** with John and Annie Berg and **B-99** with Augie Jarecki and Billy Weber. The first day went pretty good for the B-3 and B-6 boats, but the other B boats weren't so lucky.

Izzy Rietz capsized (*see below*) and the

Above: Ron Jarecki to the rescue!

W-15 retired with a broken mast. Lunch the first day was homemade in paper bags - a sandwich, chips, an orange and a cookie. After sailing was over, **we won the volleyball tournament** which was new this year at

GLSS. Some kids got to demo open Bics including my sister.

The second day was medium to heavy wind. Gabby DiBiase with Chandler Jarecki (*see below*) got a 2nd place finish in Race 5! Overall the I-123 (Parker Michel) won the regatta, with the Menace I-16 (Henry Rolander) in second and our very own Brigit Barr sailing the Barr-B-Que in third.

Training Regatta at Cedar, July 15th

by Candace Porter

Alex and Ashley Mueller stole the show!! The Training Regatta at Cedar (TRAC) was a one-day event featuring the Green fleet (the newbies) and the experienced RWB fleet. While Alex was over on the Green Fleet with PRO Candace Porter dueling it out with Pewaukee's John Lieber, Alex was amassing a 1-2-1-1 to John's 2-1-2-2! It was quite a battle. The

best experience was Alex coaching his competitor to sit in the boat when the wind got light. When John won his race, it was Alex and John's Pewaukee sailors cheering him on to victory. Such sportsmanship at such a young age.

Circles were completed without the competitor hailing, "protest". It was quite a day for Alex and his fellow sailors.

Meanwhile over on the RWB course, Ashley was surprising many locals with steady sailing. Ashley was in second by one point at lunch, then tied after Race 4 but her second to Lindsey Vollmar's 7th sealed the deal.

Oshkosh Extreme July 18-19th

By John Berg

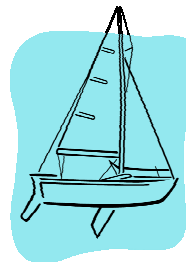

On the first day of Oshkosh, my mother said to me, "It's going to be a great day for sailing." The Beulah crew proceeded to stuff their bellies full with the scrumptious food that was served by the wonderful Oshkosh crew. Then it was off to sail. The courses were all windward threes with extremely long beats. It was said to be 0.8 miles at its longest length. Beulah came out of the gates kicking with some good finishes by Brigit Barr

and Gabe DiBiase. Gabe won a race with an amazing leftie that he skillfully noticed. We ended up sailing four races that first day with the wind at a steady speed of 7-9 mph.

It was then off to the Casino Night where our very own Ryan Komars and Brigit Barr cleaned up on the Blackjack tables. In the raffle, Jonah Boykin, Luke Clayton, and Brian Zettlemoyer all won cupcakes! Yummy! After the party, yours truly (John Berg) and Gabe DiBiase proceeded to deal out some swift justice to other sailors in the swimming pool at the

hotel during the famed "chicken fights" of Oshkosh. It suffices to say that we as a team beat all other competitors for the title of King of the Pool.

The next day we had much lighter wind than the previous day. We had two races that morning. The regatta ended with Brigit Barr in 8th place with her crew Caroline Leroy, Gabe in 11th with his crew Luke Clayton, Ryan Komars in 16th

WYA at Beulah, July 23-24th

By Brigit Barr

55 X boats gathered on Beulah for the WYA regatta. On the first day the wind was scarce and to add to that it was extremely hot and humid. The day was filled with swimming and a lot of volleyball. In the morning we did not attempt to sail and went straight to lunch. After lunch there was some card games brewing in the air-conditioned yacht club to escape the heat. Towards the end of the day the race committee saw some wind and decided to send us out. Sailors rushed to their boats to get their sails on

and get out to check the wind. After about 15 minutes of tow lines and no wind, the race committee came to a conclusion that we were done for the day. We put away our boats and jumped in the water immediately. Since there was no racing for the day the dinner was pushed up an hour. We ate, mingled with other sailors, played some volleyball, and had a good time.

On the second day we had wind! It was coming out of the southwest at around 8-10 mph. We rigged up our boats and sailed out for hopefully three races. The first race didn't go well for the

home lake sailors. Three were over the starting line including me. Race two went better for the Beulah boats with three boats finishing in the top ten. The third race went well with a lot of Beulah sailors finishing in the teens. After all the races, sailors rushed back to the yacht club to pull their boats only to find out that the crane was broken. The boats were pulled out manually on the dockside launch. Overall Jonah and his crew Callie ended up 7th as the top Beulah boat. For the second year in a row Christian Spencer and Jack Steiner took home first place.

A huge thank you

A huge thank you to all who volunteered to help with the WYA X regatta here at Beulah! Thank you for help with registration, food prep and serving, launching, crane repair, parking, mooring, shuttle boats, housing, PRO and signal boat duties. You are appreciated so much.

MC Party vs Rain, MC Sailors Win

On Saturday, July 23rd the weather was hot and muggy. An hour before the party started at 5:00, the rains came and all the tables and chairs outside were moved into Ron and Susan Clayton's house. The rain passed over, Margaritas were served and the party moved outdoors for locally grown corn on the cob. The annual fleet photo was taken, a fabulous pork dinner was served and everyone was smiling. A big thank you to our hosts Ron and Susan Clayton and Hardy and Kathy Will, who worked right beside them.

Race Committee Corner

by Al Haeger

The signal boat has served us well for a long time, thanks to regular attention from dedicated volunteers like Frank Rappold, John Becker, and others. We intend to continue to maintain this asset. The engine appears to be in good shape after having the thermostat replaced

this spring, although we are watching for any recurrence of water in the engine oil. We're considering a new canopy and perhaps new seating for next year. If you have noticed any upgrade or repair needs, let me know.

The anemometer (wind speed indicator) on the signal boat is not necessarily accurate in all conditions. For example, on one windy recent day, the signal boat anemometer was indicating

an average wind speed of 15 mph with gusts to 20. Candace was using a calibrated anemometer that indicated gusts to 26-28 mph. So, don't use the signal boat anemometer as your only indication. There are hand-held anemometers in the equipment locker. There's also a chart in the signal boat information binder that gives a number of visual clues to wind speed.

Al Haeger

Politely say "Get Off"

I'm sure most of you have seen people fishing from the pier, parking in our lot, maybe children playing on the playground that aren't members and are in fact, trespassing on LBYC property. What, if anything, should you do?

There are a couple of facts that need to be kept in mind when deciding

to approach someone that is trespassing. The first is that there are signs posted around the property advising everyone that they are on private property. But the other fact, perhaps equally important, is that we all represent the Lake Beulah Yacht Club when we ask someone to leave the property. Rarely, if ever, does anyone wish to do the LBYC harm, so politeness is imperative

should you choose to approach a stranger.

Please don't be rude, no matter how frustrated you may be, and don't unnecessarily escalate the situation unless you fear for your safety. Calling the police, for example, should be reserved for the most extreme of situations. **We want to be good neighbors to our community!** *Vicki Bohl*

Overall, it was a great regatta with many fun moments and good, steady wind.

Commodore's Pignic

No, that's not a typo, it's poetry, in honor of our Commodore. Hopefully it got your attention. Did you know our Commodore was an English major? But wait there's more and it's all hot and juicy like roast pig. The Commodore will be roasted like a peanut in the hot sun and we will all be eating roast pig, slaw, dogs, and slide salads. Yep we'll be tossing raw eggs and slamming volleyballs. Come to the Commodore's Picnic on Sunday, August 28th at LBYC at noon. \$25.00 a head for grown-ups, free for those 16 and under. Editor's Note: Tears came to my eyes when I went out to watch the X's sail during the WYA. It brought back the memories of our boys sailing and the good people we met and the fun of it all. The kids, their parents, the race officials, the kitchen moms were all working hard and doing their best, without pay, for the love of their kids and the sport. We really have something good going on here at Lake Beulah, don't we?.

Keep up with all that goes on at the LBYC in the **next Mainsheet, due out on August 12th..** Please email articles, photos and Luffables to dcstein@wi.rr.com by the next deadline, Sunday, August 7th. *Carol Stein*
