X boats now allowed to carry radios

## A note from X Class Chair Ted Rolfs

*X Boat Sailors and X-Boat Parents,*

***The ILYA acting on a recommendation from the X-Fleet has agreed to allow marine VHF radio usage in the X- Fleet starting this summer. Radios will be allowed and should be kept on a channel designated by the Race Committee. The radios may be kept turned on throughout the race to receive instructions from the Race Committee. The radios should NOT be used for ANY personal communication. X- Boat sailors should only transmit on their radio in the event of an emergency - injury, severe weather or the like. In the event a yacht is retiring from a race it may communicate to the RC as follows: "Race Committee yacht (designator and number) is retiring from the race."***

***Any violation of this rule is subject to a Rule 69 violation which can carry penalties up to and including expulsion from the ILYA.***

***In this initial year it is recommended that all race committees shall continue to hail OCS and Course changes via the Loud Hailer as well as on the radio.***

## Where to buy a radio?

The ILYA is fortunate to have Stelluca negotiate a deal at a price lower than Amazon.

*After some helpful feedback from users, we found two great radios for the X boat (and all boats!) that are both floating and waterproof. We are offering an initial purchase discount to our ILYA sailors. Enter ILYAX at checkout to receive \$9 off each radio you purchase-\$9 less than Amazon offers it! This special pricing is available through Tuesday, 5/24/21. Visit [www.stellucasailing.com/collections/vhf-radios](http://www.stellucasailing.com/collections/vhf-radios) to view and purchase or contact Melissa with any questions at 262 434 0264 or [info@stelluca.com](mailto:info@stelluca.com)*

A total of 35 boats took to LaBelle this past weekend for another installment of the Tune-Up Regatta. Ever changing forecasts led to drastically shifting conditions to keep the C, MC, and X boat fleets on

their toes all weekend.

One race was sailed Saturday morning thanks to a steady but light East breeze coming down the length of the lake. Dave Keck and Bill Harvat 00-99 won the C fleet race in what ended up being an eventful and tight finish. However, the only reason it ended up being so close was the need for the 00-99 to reach across from the upwind marks to the finish line that he failed to realize was just indeed that...the finish! White Bear's Dan Guidinger took home the first race bullet for the MC fleet while Labelle's Jackson Walker and Camille Bertrand 00-144 won the X fleet race. The afternoon was spent waiting around for wind and a 2nd race was started with the afternoon breeze finally blowing thru. Unfortunately, the afternoon sun started to shine thru the clouds as well cutting off any wind that had come up making it necessary for PRO Russ Sobotta to call off the race.

A wonderful night of socialization with all three fleets was made possible by the generosity of MC sailor Paul Moran who opened up his home for all to enjoy leaving some not as well rested as others for the final day of the regatta!

Sunday morning brought promise of heavy wind and severe storms, so naturally all the sailors woke up to calm waters and plentiful sunshine. As the morning went on, the winds picked up from the East again and one more race was sailed to constitute a regatta.

What started as a light and variable race ended with winds up to 20 mph as shifty pre storm gusts plagued the fleet. No more so than C fleet leader Dave Keck 00-99 who tipped at the 3rd upwind mark while leading the race allowing for Michael and Cullen Barr B-66 to take 1st place! To say the Barr brothers excel when the wind comes up mid-race is an understatement! Dan Guidinger once again took first place for the MC's finishing off a clean sweep of the races and the overall cross fleet title!

Cedar's Abby Eckert and Alison Heimsch A-136 took first place in the X fleet but Jackson Walker 00-144 was able to hold off a tight fleet to win the overall X regatta. Cedar's Austin and Max Barkow A-25 and LaBelle's Sean Mihelich and Quinn O'Dell 00-747 joined Walker and Eckert in the top-4 which were only separated by 2 points!

Consistency was the key for the C fleet overall winner Bill Mihelich and Joe Brynes/Jeannie Andreski 00-420 as a 4th and a 2nd were good enough to hold off Dave Keck by one point to win his first regatta in.....let's just say a LONG time.

Thanks so much to everyone at LaBelle that volunteered and helped out to put on a fabulous regatta. And of course thank you to all the sailors who came this weekend as we can't thank you enough for ending your spring regatta season on LaBelle as we transition into the home lake season!

[Register for Dues](#)

As always we will see you next year and for the C fleet we will see you all the first weekend in August for the 81st edition of the WYA regatta!

### Geneva Spring E

### Thirty-Six E Scows in Cold, Stormy Weather

Geneva hosted a Zenda U and their annual Spring E regatta Fri-Sun.

With winds from 3-38MPH and wind direction on one day from 45 to 215, it was challenging conditions. But the lucky fleet finally got a steady direction and sailable wind at 3:00 on Saturday afternoon. Three races later, the party began which would extend until trophies. The PRO however gave them another try on Sunday morning but stormy weather had another idea. Peter Strothman ran another perfect event and then won the regatta on a tiebreaker also. His seasoned crew along with T Freytag, Vincent Porter and Eddie Cox showed Geneva knows how to sail those E scows. Matt Schmidt from Pewaukee squeaked into fifth to prevent a Geneva sweep. A Canadian boat has allowed the event to now be the Geneva International Spring E to the delight and laughter of all. Grand Lake Colorado appeared in style. Loads of champions in skipper and crew positions on the water.

### **US Sailing Announces Program.**

#### **The Siebel Sailors Program Center Application is Live**

**US Sailing is accepting applications from eligible sailing organizations to become centers in the recently announced Siebel Sailors Program Networks. The Siebel Sailors Program seeks to increase opportunity and diversity in the sport of sailing by creating access to equipment, athlete**

development resources, and expert coaching for underserved populations.

Eligibility criteria, center guidelines, and answers to Frequently Asked Questions can be found at [www.siebelsailors.org](http://www.siebelsailors.org). The first round of applications for centers in San Francisco, Chicago, and the Mid-Atlantic Region are due by Friday, May 31, 2019. An application process for two additional Siebel Networks will open up on August 1, 2019.

In addition to seeking applications for centers, US Sailing has open coaching and administrative positions. See the links below and please reach out to [youth@ussailing.org](mailto:youth@ussailing.org) with any questions.

Please join US Sailing on Wednesday, May 22 at 1pm EST for a webinar on the recently announced Siebel Sailors Program. The webinar will be focused on the application process to become a center. It is a great opportunity to hear more and ask questions about what it would mean to be a Siebel Center before the application deadline.

The first round of applications for centers in San Francisco, Chicago, and the Mid-Atlantic Region are due by Friday, May 31, 2019. An application process for two additional Siebel Networks will open up on August 1, 2019.

Click the link below to register in advanced for the webinar. After registering, you will receive a confirmation email containing information about joining the meeting. [Click Here to Register](#)
