## MC Youth Nationals

### Charlie Kutschenreuter Takes Title

Charlie Kutsch and Chandler Jarecki

Day Two - Cedar offered a different kind of challenge for the 16 teams. The morning started with west winds at 5 to 8mph. The fleet sailed a WA4 in the southern bowl just south of the yacht club. We had a number of shifts but the course was right on the average. Jack Schweda must have hit every shift and won with a big lead. Four of the top five boats finished in the top five. We moved the fleet up to the northern bowl for our last race. The velocity had built up to 8 to 12mph and the windward mark seemed to be easier to figure out. This race was won by DJ Jaessing getting a good start and hitting most of the shifts. Again four of the top five boats finished in the top five.

Our new National MC Youth Champion is Charlie Kutschenreuter followed by Chapman Peterson and Patrick Schmidt. It sounds like next year's venue for this event will be Pewaukee. Let's hope we can get 25 boats to participate.

### UW Sailing High School Clinic - September 22-23

We are from the UW Madison sailing team and are hosting a high school clinic on September 22-23rd. We would love it if you could share this with your sailors who are in high school. We will have 5-6 coaches on the water both days, some of whom are alumni from the team, along with current team members who race at the national level. Saturday will be a day of drills and Sunday will be race day. We also have a new fleet of Zim Sailing E420's that we purchased last year, along with 6 FJs that your sailors will get to use! This is great opportunity for your sailors to learn a lot, see if they like UW Madison Campus, and show off their great skills. We will be sending out a flyer that you can also share with your sailors this weekend that will include a link for registration and more details about the event, so be on the lookout for that as well.

We would love to see your sailors there!

### Coach Boats needed for Para World Championships in Sheboygan

#### September 16-22, 2018

Coaches are desperate for coach boats and are definitely willing to pay. If some of the sailing schools are willing to get their boats to coaches it wouldn't be unreasonable to charter at anywhere from \$1000-\$2500 depending on size and condition of boats. I have a waiting list of coaches that I would connect directly with any sailing school willing to charter their coach boats. Ideally sailing schools and coaches would broker their own deals after contact is made as it will get very complicated for our team otherwise. For reference I secured 4 charter company RIBS for \$350 a day (brand new boats).
