USODA Midwest Championships - Geneva

September 29-30;

Registration Early Deadline September 12

For many Optimist sailors in WI, this is the last hurrah. The summer season comes to a close too quickly for most of us. This is the opportunity to return to a club we all love and to get one last sail out of that Optimist Dinghy.

Reasons to come:

- Last WI Opti regatta of season
- Friends from MN, IL, IA and WI are registered- White Fleet (11), Green Fleet (9), Blue Fleet (18), Red Fleet (11) Total: 49 Sail with your friends and meet new ones.
- This is a Team Trials Qualifier. That event is in April 21-29 in Key Biscayne, FL. Who wouldn't want to be in FL when it's rainy here? The top 25% of sailors in RWB qualify to attend this event. Currently 10 will move on to Team Trials.
- Lake Geneva has been voted one of the top ten places to visit in the Fall. It has magnificent color in the Fall. The lake has a walking path regulated by local ordinance so it an opportunity to view the beautiful homes and gardens of Geneva. Choose up to 20 miles of walking paths.
- Viewing of the event from atop the Buddy Melges

US Sailing Regional Symposium in Chicago

Plan now - November 16-18

Hello from US Sailing,

Please join us in Chicago, IL the weekend of November 16 for this fall's Midwest Regional Symposium, followed by a Reach Educator course and a Level 3 Head Instructor/Program Director course all hosted at the Columbia Sailing School.

- Friday, November 16: Regional Symposia are an opportunity for interested parties to come together to share ideas and tackle the challenges facing the sailing community. In Chicago, the roundtable discussions-sponsored by our partners at the Gowrie Group-will be moderated by a US Sailing representative and follow an agenda designed with the needs of the Midwest in mind. Regional Symposium tickets are \$10 for US Sailing members (\$25 for non-members) and include coffee, snacks, and lunch.
- Saturday, November 17: Reach Educator is a one-day eight hour professional development/training opportunity for teachers and sailing instructors to learn how to implement US Sailing's STEM program and curriculum called Reach. The Reach modules are a great teaching resource for classrooms, sailing centers, yacht clubs, summer camps, or after school programs.
- Saturday, November 17 and Sunday November 18: Level 3 Head Instructor/ Program Director is designed for those who are making the transition to a leadership or management role in their sailing programs. This two-day course contains information on how to manage more effectively, problem, solve, and create a quality environment for students and staff. It is available for certification or audit.

We hope to see you for all or part of this great weekend in Chicago!
