

We hope everyone's Summer has been fun, productive and safe! The ODP2 Program's Fall and Winter Practice schedules will be posted very soon. In the meantime, we have some other great news!

The USODA ODP2 Program is excited to announce that 21 of its members will be invited to attend the 2021 Bahamian Optimist Nationals in Nassau, Bahamas over October 2<sup>nd</sup> and 3<sup>rd</sup>. The ODP2 Program is planning to have annual international opportunities for its program members, one of many great benefits of being a part of the program.

Sailor selection will be based on 2021 Team Trials results with the top 3 sailors from each of the seven regions receiving an invite. Sailor invitations are expected to be sent out beginning Monday, August 16. Families will have 48 hours to accept the invitation, complete all online waivers, and pay the registration fee. If a sailor declines their invitation, or if invitations expire without being accepted, we will then move down the list until the team is filled. Additional information about the event (budget, travel dates, coaches, etc.) can be found at <https://usoda.org/odp2>, and we strongly encourage you to review the information and let us know if you have any questions.

We are looking forward to an amazing event.

Very Best Regards,

Scott Lindley  
ODP2 National Director
